

Women in Business Expo Group Website – Member Instructions

The WIBEG Website allows Women in Business to join, edit their business details, pay for their membership, add events, and internally message other WIBEG members.

The new website may be accessed by the new URL <https://WIBEG.biz>

Member Directory

All WIBEG Members are listed alphabetically in the Members page: <https://WIBEG.biz.org/wibeg-members/>

You may filter listings by Business Type (Media type), or Search using either the member's name or business name as the keyword. Each member controls the information for their listing. We have populated initial data but need your help to make it complete (see below for instructions)

Below are some fabulous WIBEG Members detailing their business and how to contact them. If you are a woman in business in the Seattle area and would like to apply to be listed, please [fill out this form](#).

Events

Events which members have added (and are approved by Admins), or WIBEG-Sponsored Events that Admins have added will appear here: <https://WIBEG.biz/events>

You may search for Events by keyword and/or by date.

Event Images show icons which depict if the event is recurring or needs volunteers, reservations, tickets or are WIBEG-Sponsored. Icons are explained at the top of the Events page.

Update Logo

Update Photos

Add your social links, a description of your business (the first 100 characters are displayed on the member directory page), and Upload your Logo using the + button under Update Logo – **IMPORTANT! The Logo Must be SQUARE.** It can be any size from 200px by 200px to 800px by 800px, but MUST be square, and works best as a jpg file type. You may also add other SQUARE jpg images to your profile which will appear in your details page.

If you need help with this, email your logo (biggest size please) to elaine@smilingwebdesign.com or send a message with your logo attached (biggest size please) via the SAN website messaging app and we will make it square for you.

Click the green **Update Details** button at the bottom to save.

Messages to WIBEG Members

You may now send messages using the website to WIBEG members who have enabled this feature in their account. This is found in the upper right drop down on any page, just as you found My Account.

Search for members using any word in their business name. Messages you have sent will display on the right, and you may search chats to find specific information.

Once you find the member you want to send a chat to, **click on their name on the left**, then enter a new message on the bottom of the screen “Type a Message” Field. You may also attach documents and images as needed. Then click **Send**.

The member will get an email **IF** they have allowed emails to be sent in their account settings. Otherwise they will see a notification with the number of unread messages the next time they log in.

Events

You may Add or Edit an Event you previously added using the Manage Events link in the top right drop down, as you did for Account and Messages.

If you have previously submitted Events, you will be able to click the various orange icons to see the details or Volunteers, Reservations, and Ticket Bookings, as we all email these lists from the system, or export a CSV with the details. This will be very handy to communicate changed information, delayed events, and such to the Volunteers, or those with reservations & tickets.

You may search for events you created here as well. You will NOT see events others have created here - these are found in the front end of the website.

You will see at a glance:

- If the event has been approved or not by Admin and if it is active (green highlighted text)
- View the event as it appears to others in the front end, using the orange View icon on the event listing
- How many Volunteers have signed up – Click the Volunteers icon to see details, email or export a csv
- How many Reservations have been made – Click the Reservations icon to see details, email or export a csv
- How many Tickets are booked – Click the Bookings icon to see details, email or export a csv

You may edit your event using the Edit icon, delete it with the Trash Icon. In edit mode, you may elect to Pause it if the Event is in Draft or may be postponed.

Fill in all required (*) fields, indicate if you need volunteers or reservations, the venue information and the organizer's details. You can create either **One Time**, or **Recurring** events using the Schedule Type drop down.

If **Recurring**, select the Schedule (Daily, Weekly, Monthly or Annual) first, then enter the first event date and the last event date, as well as the start and end times. You may then add dates manually using the Add Next Date button, or use the Auto Fill Dates button to pre-populate all the dates and times based on the recurring schedule you selected. You can then delete or edit these dates/times

At the bottom you may upload photos for the event. The first one uploaded will be used in the front end for the Event.

Square or slightly rectangle images will display nicely.

Click Add Event when you are ready to submit to the Admins.
